

HERE'S WHAT'S NEW

October 2026

Wintonbury Hills

GOLF COURSE

Upcoming Aeration

Our greens will be aerated Monday, October 13 through Wednesday, October 15. While it's never the prettiest week on the calendar, aeration is essential to the long-term health of our putting surfaces. It relieves compaction, improves drainage, and lets air and nutrients reach the root zone. Expect temporary bumpiness on the greens, with full recovery typically within two to three weeks. Thank you in advance for your patience.

Save The Date

Mark your calendars, our Black Friday Scramble returns on Friday, November 27th! It's become a favorite way to work off the Thanksgiving feast and close out the season with friends. Full details on format, pricing, and registration to come but keep an eye out on our calendar and your inbox as you definitely won't want to miss out!

Fall Is Calling

There's something special about a round at Wintonbury Hills in October. Cooler temperatures, colorful trees, and crisp autumn air make it a great time to get out on the course. As the days get shorter, tee times can fill up quickly, so be sure to reserve your next round in advance. Whether you prefer a cool morning start or a comfortable late-morning round, fall is a great time to enjoy the course.
